

7th International School and Conference
on Optoelectronics, Photonics, Engineering and Nanostructures

«Saint Petersburg OPEN 2020»

Saint Petersburg, April 27-30, 2020

Dear Colleagues,

We kindly invite all the undergraduate, graduate and PhD students to attend *International School and Conference “Saint Petersburg OPEN 2020”*. The Conference will be hosted by *Alferov University*. All accepted proceedings will be published in Conference Theses Book free of charge. Extended version can be published in *IOP Journal of Physics: Conference Series* cited in *Web of Knowledge, Scopus, eLIBRARY* and other scientific databases.

Saint Petersburg OPEN 2020 is paired with *International Conference "SPb Photonic, Optoelectronic, & Electronic Materials" (SPb POEM)* organized by the Royal Microscopic Society (RMS): www.spb-poem.com.

Keynote speakers:

Mikhail Glazov (*Ioffe Institute RAS, Russia*)

Thomas Maurer (*Université de Technologie de Troyes, France*)

Yue Wang (*University of York, United Kingdom*)

Eugene Simon Polzik (*University of Copenhagen, Denmark*)

Alexander Tagantsev (*École polytechnique fédérale de Lausanne, Switzerland*)

Alexander Naberezhnov (*Ioffe Institute RAS, Russia*)

Ivan Mukhin (*Alferov University RAS, Russia*)

SPb POEM conference speakers

Important dates:

Application due date: March 15, 2020

Plenary and poster sessions: April 27 – 30, 2020

<http://spbopen.spbau.com/>

School-Conference is supported by *Russian Science Foundation* and is a continuation of the annual school-seminars for youth on topical problems of physics and technology that has been organizing by the Academic University since 2009.
